I believe that the most important thing is not who I am, but how I can be useful to you. That is precisely why I am presenting the **BEAUTY CALENDAR for 2026**.

This calendar is not merely a diary, but a powerful tool that will help minimise the risks of side effects, medical errors, and cosmetic failures. It is designed for planning salon, at-home, and dental procedures. However, for planning plastic surgery under general anaesthesia, a personal consultation is required.

I wish you health, beauty, and happiness!
